

## iPhon-Photoadapter

Magnifi is the world's first iPhone photoadapter case. Magnifi connects the camera on your **Apple®** iPhone 4 / 4S / 5 to your favorite optical instrument, allowing you to take pictures and video through the eyepiece. This includes, binoculars, microscopes, telescopes and almost anything else with an eyepiece.

Inform you on the website: [www.arcturuslabs.com](http://www.arcturuslabs.com)

Adapter connects the on the Zoom-Microscop Art.-Nr. 2.00.
